nineteen eighty three

Stacy Fischer

in study  
we had loads  
of fun in math and  
in the beginning of the  
year in study hall. Hope  
we can stay friends next year  
and be in more classes together.  
Good luck on your Math Final! Ha Ha.  
Have a terrific summer.

PS. what came first a  
chicken or an egg.

DEAR Study

6/9/83

It's finally over. Thank god only 2 more  
years. You're a freak state, and I'm really  
glad that we're friends. So crazy this summer  
because we'll be back here eating lunch at our  
table making fun of Moby Jacoby + ragging on  
people.

Love  
Katie

Ps. What came first  
Jannine or her  
brain?

The Senior Class of 1983 cannot find the words to express our gratitude to this very special person who has done more for us than we could have ever hoped for. By standing by us and always being a friend you have taught us the meaning of what high school is all about. For all of this, we dedicate our yearbook to you.

Oh how we miss you  
 Your warm and caring smile  
 Your brown eyes filled with laughter  
 You were only here for a short while  
 You taught us love and hope  
 In your own special way  
 You made us all happy  
 Until the day you went away  
 You were so young and full of life  
 And with your friends you'd always be  
 Motorcycling and skiing  
 Your spirit loved to be free  
 Your last months here were  
 The best they could ever be  
 You loved to spend time with Chris and  
 Angela  
 But now you are no longer three  
 God took you away from us  
 And we did not understand  
 But for the four of you  
 He had much more planned  
 Note the time rolls on  
 And your memory is still clear  
 Because to the ones you love  
 In our hearts you're always here  
 And although I'll never know  
 Why you had to go away  
 You are my little brother and we  
 Will meet again, in another time some  
 day

Maria

#### My Little Mechanic

The days are getting nicer  
 as I think of all those years  
 When the thought of summer brought  
 such joy but now there are only tears

I couldn't trade your memories  
 cause you meant so much to me  
 You made our lives so worth living for  
 as fun and loving as can be

You were my little handyman  
 my little mechanic so smart and clever  
 You would always help me with  
 the car but now you are gone forever

You were so strong and powerful  
 and yet I would always find  
 That you cared so much for everyone  
 and now you are always on my mind

You were the only one who believed in me  
 you were my only little brother  
 Life is so sad and empty now  
 cause I know there can never be another

Little Alex, who you loved so much  
 calls your name to play  
 Soon we'll have to tell him  
 that you had to go away

So many times I wish it was  
 I instead of the four of you  
 But god wanted your friendship  
 and without it he could not do

The days will be long ones  
 and think of all the years I'll gain  
 It will be a hard wait but I know  
 my little brother we will meet once again

This is a small, but most deserving tribute to one of the greatest ladies who has ever been here at Nanuet. She has done more for us than we could ever have expected and she always had a helping hand to lend. For praising us when we deserved it, and for giving us hell when we more than deserved it, and most of all for her ability to pull through "in the clutch". ## To the Class of 1983:

Many of you will take a few moments now and then to thumb through this yearbook to reflect upon your years spent at Nanuet Senior High School. I hope your memories will always be filled with the joys of the many friendships you have made here. Friendships not only among your peers, but the faculty and parent community as well. I personally will remember you as a dynamic, interesting, innovative class, one which was strongly independent yet loved doing things together, whether it was carrying on established traditions, such as Halloween Day, Homecoming, Senior Play, Senior Luncheon, or engaging in new ones like "Spirit Week."

I have enjoyed working with you and your class officers. I have been impressed by your class spirit and hard work, whether in the athletic areas, the science labs, the library, the auditorium rehearsing for a play performance, or the classroom. You have helped make this past year a stimulating, challenging, and pleasant one for me. I will always remember you with fondness and warmth.

My wish for each of you is that you continue to cherish your love of freedom and that you desire to explore new vistas which will enable you to live creative and productive lives.

John P. Burke  
Principal

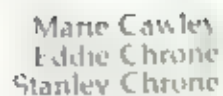

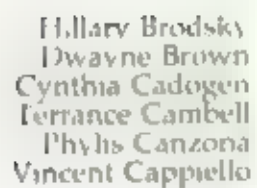

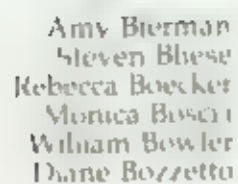

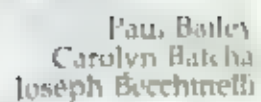

Dear Study,

I enjoyed this year  
with you a great lot,  
much, was great!  
I really can't believe it's  
over. I'll remember  
the party days together,  
and how great you dance  
next year we will even  
become closer  
I'll see you over the  
summer! Love, Study

Nanuet athletics have always been an important part of life in our high school. For the past 26 years there has been one driving force at the helm of this great department. He has stood by us both in victory and in defeat. He has contributed to many things, ranging from the creation of an athletic stadium to the supremacy of continual victorious football teams. For these and many other special achievements, the class of 1983 would like to bid a warm farewell to

**Mr. Chester Stopyra**

Dear Mr. Stopyra,

We all wish you the best of luck on your retirement and may you enjoy as much happiness and success in all future endeavors as you experienced in Nanuet. You deserve only the best. Also, thanks for all of your help this year with the yearbook as your aid was invaluable.

# Beat em - one more Time!

As our senior year of high school comes to a close two eras also commence. The first being the time period in which Mr. Stopyra served as our athletic director. He too is graduating in 1983 after twenty six years of dedication to our athletes. Secondly in order to provide equitable competition the PSAI in Rockland, which has been in existence as long as Nantuet High School itself is no longer in operation. The Rockland teams now join Section I competing on a league and non-league basis with teams of equal size as our football team has successfully done for the last seven years. To all the athletes who intend to continue on a collegiate level the best of luck in the future!!!

over. (Don't you Dare) Vollyball was  
fun wasn't it? Ready for next year.  
(Got it, mine) Last period, what a bore!  
Thank God us Gussies stuck together,  
or I would have gone crazy. Still got  
my Flonda pen. (Remember who borrowed  
it) We have to get together over the  
summer. O-Tay. All the Gussies.  
Well see ya.

Love ya lots.
